

Poppies On Sale Next Two Days

Under the auspices of the Bassano branch of the Canadian Legion, Poppies will be on sale in town on Friday and Saturday of this week. The local Boy Scout and Cadet Troop are in charge of the sale, and intend to make a thorough canvass of the town.

In past years, proceeds of the sale of Poppies for Remembrance Day have been turned over to orphaned members of the organization. This year all proceeds of the sale in Bassano will be donated to the local Red Cross Branch, a branch of an organization for whom the soldiers of the last war have the highest regard.

Everyone is requested to assist the boys with the sale of Poppies by purchasing one when they are approached. The money goes to a worthy cause, and your donation will be appreciated.

Regular Meeting Town Council Held on Monday

A short and quiet meeting of the Town Council was held in the Town Hall, Bassano, on Monday evening of this week, November 4th, at 8 p.m.

Three Councillors were present, and Mayor Playfair occupied the chair.

The treasurer reported receipts for the month of October amounting to \$2,512.01, and payments during the same period amounting to \$1,022.41.

During the business portion of the meeting one application for relief was approved.

The town engineer's report was read to the meeting, and indicated that a considerable amount of repair work had been done at the disposal plant. However, the engineer pointed out that this was not completed as yet, and before it could be completed it would be necessary to expend a considerable sum of money on the project.

He also reported that a gravel loader had been constructed at the west end of town. At the present time, this loader is only in modified form, and there are no screens or storage bins. The Provincial Department of Public Works is expected to assist with the construction of the loader.

The Provincial Guard has done considerable road work in town recently, but weather conditions have resulted in serious damage to the road work.

Pumps at the pumping plant on the river, and the engine at the auxiliary gas plant are operating satisfactorily, and have been placed in shape for winter use.

The following accounts were presented and passed for payment:

LOCAL BOYS RETURNING FROM RED CROSS CAMP

Local boys attending the Military Training Camp again donned their civilian clothes Wednesday evening of this week, and on Thursday morning three of the boys arrived back in town. Clifford Johnson, Nicky White, and Bill Snape. The other boys are expected to return before the end of the week. The boys home already report that they enjoyed the camp thoroughly, and received a great deal of military training. When the work set out for them did seem strenuous at first, the soon were whipped into shape, and could take everything that was thrown at them. They are looking forward to attending another of the camps at some future date.

SPECIAL REMEMBRANCE SERVICE HERE NEXT SUNDAY

Special Remembrance Day Services will be conducted in the local Presbyterian Church on Sunday evening next, Oct. 16th, at 7:30 p.m. The services will be jointly conducted by Rev. J. H. Naylor of Brooks, and Mr. Chas. F. Laine of Bassano, and will be attended by local Cadets and Veterans organizations.

Mr. Laine will deliver the Remembrance Day address, and Rev. Naylor will take an active part in conducting the service. Special musical selections are being arranged by the Church choir for the occasion.

Everyone in the district is cordially invited and urged to attend the service and pay tribute to the men who fought in the last Great War, and who are fighting in the present war.

In previous years, this special service has been conducted on Armistice Day, November 11th. This year, however, it was decided to combine the Remembrance Day service with the regular evening Church service.

The Bassano School Cadets will meet at the Masonic Hall at 7 p.m. on Sunday evening, in full uniform, and from there they will parade to the church for the purpose of attending the special service. Instructions will be issued before the parade commences.

Returned veterans will also meet at the hall at the same time to form a parade. All returned men are urged to attend the service, and request to wear their medals.

E.I.D. NOTES

RE 1939 LAND PAYMENTS

There are some contract holders who have neither made the land payment which fell due in 1939 nor applied to have it deferred. This is probably due to a mistaken idea that the government will take care of them automatically. Such is not the case. Anyone wishing to defer the payment must sign a written application and this is required to be done before First December of this year. Forms of application can still be obtained from inspectors or estate masters and the place have not attended to this matter are requested to do so without delay.

Mrs. Lee Laid To Rest

FUNERAL FOR LATE MRS. LEE HELD SATURDAY, NOV. 5.

The funeral for the late Mrs. Mary Lee, who passed away in Victoria, B. C., on October 26th, last was held in Bassano from the Anglican Church on Saturday afternoon, November 2nd.

Mrs. Lee was a pioneer, and resident for many years in Bassano, having come here with her husband, Mr. J. C. Lee from Penetang, Ontario, in the year 1900. In 1910, they opened the Bassano Hotel, which was operated until his death five years later in 1915. After her husband's death, Mrs. Lee continued to carry on the business of the hotel, assisted by the late Mr. George Travis, who was also Post Master in Bassano. Upon the death of Mr. Travis in 1930, Mrs. Lee sold her business to Mr. J. Stancow, and for a time went to live with her son-in-law, Mr. E. Travis, and six years later, in 1936, she died.

Mrs. Lee is survived by two daughters, Mrs. Leslie Toth and Mr. and Mrs. Charles Travis of Regina, Sask., and Mrs. Frances Travis, also of Regina, Sask., and one daughter, Mr. Dorothy Travis, who is residing in 1939.

Relatives who journeyed to Bassano to attend the funeral were Mr. and Mrs. Leslie Toth and Mr. and Mrs. Charles Travis, son-in-law, and 3 grandchildren, of Edmonton, Alberta. Also present were Mr. and Mrs. Dorothy Travis, daughter-in-law, and Mr. and Mrs. Richard Travis, son-in-law, and 3 grandchildren, of Edmonton, Alberta. Also present were Mr. and Mrs. Dorothy Travis, daughter-in-law, and Mr. and Mrs. Richard Travis, son-in-law, and 3 grandchildren, of Edmonton, Alberta.

Funeral services were held in the Anglican Church on Saturday afternoon, November 2nd, at 2 p.m. The Rev. J. H. Naylor of Brooks, Sask., officiated. Burial was in the West Coast.

Quota Deliveries Raised at Bassano

Word was received in Bassano on Tuesday of this week that wheat quota deliveries at Bassano had been raised by the Wheat Board. It is now twelve bushels, 6 1/2 bushels immediately. At a time of such pressure it has been confirmed that wheat deliveries were increased at other points throughout the district or not.

This news will be welcomed by producers in the district, who have found the problem of storing their own grain somewhat difficult. This year crop in the district greatly exceeded crops of previous years by a considerable margin in yield.

Many farmers throughout the district have not as yet completed their harvesting. Present moves will prevent a continuance of operations for some time, and unless a mild spell comes, grain will be left standing in fields until next spring before it may be threshed.

HOSPITAL BOARD HOLD MEETING ON SAT., NOV. 2ND.

HOSPITAL BOARD HEAR CHAIRMAN SPECIAL AREA BOARD AT REGULAR MEETING

The Hospital Board met in regular session last Saturday evening at the Hospital. Vice-President McKee was not present at the meeting. Mr. A. C. McCully, the Chairman of the Special Area Board, was present and addressed the Board for the purpose of explaining the aims and objects of a proposal for the Hospitalization of the residents of the Special Areas of the Province at special rates. The Board, at the proposal of the Chairman, accepted it conditionally. There still remains several details to be considered and adjusted to the mutual satisfaction of both parties.

Regular Meeting Board of Trade To Be Postponed

The regular meeting of the Board of Trade, scheduled to take place next Wednesday afternoon, November 14th, has been postponed until Wednesday, November 27th. This cancellation was made necessary by the holiday on Monday of next week. Stores will remain open Wednesday afternoon, and consequently members could not make time available to attend the meeting.

All matters of business and correspondence will be held over until the meeting later in the month.

Members are urged to make a special effort to keep the date of the next meeting in mind, and show their support of the organization by attending.

POSSIBLE MARKET FOR FLAX

Information has been received from O. S. Longman, Provincial Field Crops Commissioner, of a possible market for flax for the manufacture of tow.

It appears that upholsterers are having difficulty in obtaining adequate supplies of tow from Eastern Canada. J. McLaughlin of Champlain has a fax breaking machine and has been endeavoring to make tow and supply some of the Western demand. The quality of tow made from fax straw after threshing is not entirely satisfactory and there has been some thought of manufacturing from unthreshed fax.

It is very important that fax for such purpose should be kept dry. It should be stacked close to some building permitting it to be pulled through the breaker and stored inside.

Though the total demand for Alberta is not large, there may be an opportunity of disposing of some fax from this district in that way and the district authorities are getting in touch with Mr. McLaughlin at once.

In the meantime, any interested farmers might communicate with the E.I.D. Office so that information as to available supplies may be recorded.

BOARD OF TRADE DANCE NEXT FRI.

On Friday evening of next week, November 16th, the local Board of Trade will play host to the dancing public of the district, when they present Sonny Fry and His Continuum of Music at their Red Cross Dance. The dance will be held in the Masonic Hall, and will commence promptly at 9:30 p.m.

The Board of Trade have assumed the responsibility of staging the dance, and all proceeds from the evening are to be donated to the Bassano branch of the Red Cross society. It is hoped that a substantial amount can be realized from the dance, as the Red Cross is in urgent need of funds.

Present plans are conducting a campaign to raise these. With this urgency in mind, every citizen is requested to turn out and offer their contribution to the cause. At the same time, those who are fond of dancing will have the time of their lives as Sonny Fry beats out all the regular tunes.

Fry's orchestra needs no introduction in this district. They have appeared here on two previous occasions, and on both previous occasions they have been very popular with the large crowds present. Last spring they were heard weekly over a Calgary radio station, and quite a following was built up here as well as in other parts of the province. For popular dance music with all the latest tunes, Sonny Fry and his orchestra are hard to beat.

Everyone is urged to get to the dance early. The music will commence at 9:30 p.m., and will stop at 2:30 a.m. Five solid hours of dancing are being offered—so don't miss a minute of the fun.

MON. NOV. 11 PUBLIC HOLIDAY

Monday next, November 11th, will be celebrated as a Public Holiday in Bassano, and, consequently, all stores and places of business will remain closed for the day.

November 11th is being observed this year in Bassano as Remembrance Day, a custom that has been in vogue for some years past. There was some doubt, due to the present world situation, as to whether the day would be observed this year, but general public opinion in Canada was strong in favour of continuing the observance.

Instead of closing on Wednesday afternoon, local stores will remain open to the public, due to the holiday earlier in the week.

Citizens of the town and district are urged to keep the Monday holiday in mind, and plan their week-end shopping accordingly.

ANNEX COMPLETED AT ALBERTA PACIFIC ELEVATOR

The large grain annex under construction at the local Alberta Pacific elevator has been completed, and already a considerable amount of grain has been stored in it, according to information given by the Recorder this week.

The new structure has a storage capacity of 43,000 bushels, slightly more than the average for standard annexes. The annex was constructed on the west side of the elevator.

Combined storage space in Bassano now totals in the neighbourhood of 140,000 bushels delivered between the local Port and Alberta Pacific companies. This space should be sufficient to care for delivery requirements at this point.

ORDER XMAS CARDS NOW FOR MAILING OVERSEAS

Christmas Cards for Overseas Mailing should be ordered immediately, as under present conditions ship rates are very irregular and mail is considerably longer to reach the Old Country.

This year the Recorder has available a wide range of cards varying in price from \$1.00 per dozen up, with your name and address printed inside each card. The cards are of the best quality, and are easily colored in a variety of designs. You are sure to find a card that appeals to you in our sample book.

Call at the Recorder Office this week-end, and ask to see the samples. You will like them.

Commissioners Report

The attached is a statement of Revenue and Expenditure for the twelve month period from 1st of October, 1939, to the 30th of September, 1940.

You will note that we have forwarded to our National Headquarters our grant of \$281,467.81.

Our grant from National Appeal funds amounts to \$123,500.00 and we have still \$200.00 to forward to them as we promised them a grant of \$143,500. This amount of \$200.00 has not been set up as a liability because we have been sending a cheque each month according to the funds on hand. You will also observe that accounts receivable and still owing to the Division amount to \$11,594.60 and this represents material forwarded by the Division to the branches, for which payment has not yet been received. We use all our branches who have outstanding accounts, and who are able to do so, to remit payments as quickly as possible because this will enable us to pay off our indebtedness to our National headquarters.

It is a pleasure to report that material purchased by the Division from National Headquarters and which firm amounts to \$747,437.37.

It is a pleasure to report that with the donations received for the purchase of ambulances your division were able to remit an amount to National Headquarters which enabled them to purchase 35 ambulances from donors in this Province.

The total expense incurred in connection with the campaign held in November, 1939, together with the administration and warehouse expenses for the year are all items which so that our branches and members may be fully informed as to the expenditures in this connection.

We take this opportunity of congratulating our branches on their wonderful support and co-operation throughout the year, and also all contributors in their districts whose financial assistance has enabled the Division to carry on Red Cross services in this province, and assist National Headquarters in meeting their international obligations.

There is, however, a greater task ahead and the Red Cross must be ready and fully equipped to meet any emergency at the moment it arises. We trust therefore that during the present campaign for funds every branch will do their

utmost to enable the Division to raise the \$300,000.00 requested by the National Headquarters. D. M. TOMLINSON, Commissioner

The SNAPSHOT GUILD
MAKE YOUR PICTURES POINTED

THE SNAPSHOT GUILD

When you see an opportunity for a picture, shoot it—but don't always stop there. Think a bit, and see if there isn't a way to improve the shot and make it more pointed. Every good picture has a point—it tells you something when you look at it. The more definite you can make the idea or "story," the better the picture. And often little added details, things that don't occur to you at first glance, yield a much-improved shot.

Make your pictures pointed. In this shot, the sign helps tell the story. Such details often "make" a picture.

In examining a print, you can see points where the picture might be improved—and in a great many cases, it's easy enough to get a second shot.

To make your pictures more pointed, here are some tips. First, show the action clearly, so anybody can tell what is going on. If there are objects that have no part in telling the story, move them aside, or choose a viewpoint that leaves them out of the picture.

Second, eliminate things that don't contribute to the picture idea. If there are objects that have no part in telling the story, move them aside, or choose a viewpoint that leaves them out of the picture.

Third, keep the interest within the picture. Let the subjects look at what they're doing. Few pictures demand that the subject look at the camera, or even appear aware of it. Try these hints, when you're shooting pictures—and when the first shot isn't perfect, get a second one. It's a poor idea that isn't worth two or more pictures.

"THE STORE OF QUALITY"

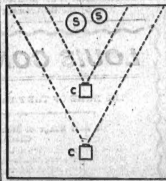

Close-up viewpoint eliminates furniture, surplus details—makes picture include just what you want, nothing more.

WHEN you snap a picture, do you get close enough to your subject?
This is one of the best ways to make your pictures simple and interesting. Get close enough to eliminate objects and details that have nothing to do with the picture subject. Let your subject appear large enough to "dominate" the picture.

To make your pictures include just enough, and not too much, use your view finder carefully. Decide what you want to take, point the camera at the chosen subject, and move forward until the image in the view finder shows just the part you want. Then judge the distance carefully, focus accurately, and snap the picture.

Most cameras, including box cameras, allow you to snap pictures when you are as near as six to eight feet to your subject. Some focus for closer distances. And, if you slip a portrait attachment on the camera lens, you can snap pictures at three and one-half feet or nearer. When you get a picture that happens to include too much, try trimming it until it looks right. Then have an enlargement made of the picture as trimmed.

Too far away, the camera takes in too much. Right distance, it takes in just enough.

Mr. and Mrs. R. V. McCollough attended the teachers convention in Calgary last week.

R. C. Services on Sunday next, Nov. 10th, at 11 a.m.

Curstony November storms have seen approximately three inches of snow fall in the district up to press time this week. Thursday (today) is very dull, and since early morning a continual fall of snow has been witnessed.

Last week-end a light fall was recorded. However, most of this melted very rapidly, and the ground was only covered in patches. The present storm has covered the ground to considerable depth.

There has also been a noticeable drop in temperatures during the past few days. Nights are quite chilly, and thermometers have been registering in the neighborhood of between zero and ten above.

During the days, bright sunshine has had a tendency to warm things up, but persons strolling down the streets in the middle of the afternoon will find it much more comfortable to wear that heavy winter coat.

ALVIN MULLEN ESCAPES INJURY IN ACCIDENT

Alvin Mullen of the Makepeace district narrowly escaped injury on Wednesday of last week, when the car he was driving was struck by a train at a crossing between Makepeace and Basano. Unable to see the train, Mullen proceeded to cross the track, before noticing that the engine was right upon him. The engine struck the car and carried it for some distance, but Mullen escaped uninjured, otherwise, than being badly shaken up.

The train stopped and Mullen was picked up and brought to Basano by the crew, where it was found that the extent of his injuries was not serious. The car is reported to be a total wreck.

Mullen was coming to Basano to take his sister, who is attending the school dormitory here, home for the long week-end holiday caused by the Calgary Teachers' Convention.
